14 November 1989

NOTE FOR: EXA

SUBJECT: DA Overtime

STAT

Attached (Attachment A) are FY 89 DA overtime reports by office. These reports were run on the OP payroll system and include both hours and dollars for the entire fiscal year. Also attached is an overview of the reports showing comparison by office with the payroll reports and the finance FRS reports.

STAT

Attachment B contains DA overtime reports by office and by pay period for FY 89. These were generated on the OP payroll system. For comparison purposes, they start with pay period 21 and end with pay period 20. I have also attached an overview of that data.

Attachment C contains DA overtime reports by pay period for FY 90. These are the reports we will receive from OP at the end of each pay period. There are some discrepancies in the data for pay period 21.

Attachment D contains a current report on overtime expenditures for FY 90. This data reflects dollar goals for each office as well as October expenditures. If you need any additional information, please let me know.
